Social skills and competences	I have been working in different working contexts in different countries, and have always enjoyed having good contacts with colleagues from several research centres.
Organisational skills and competences	I have coordinated both international and national studies and research projects, produced international articles and project proposals requiring the participation of colleagues from up to 20 partner countries, and organised and hosted international conferences involving over 50 participants.
Technical skills and competences	I have a good knowledge of both qualitative and quantitative research methods in the field of gerontology and migration research, as well as of the theoretical foundations of both fields.
Computer skills and competences	I use on a daily basis all main Office software (Word, Excel, Powerpoint), as well as SPSS.
Artistic skills and competences	I enjoy singing (although I'm not - yet - in a choir), used to play a bit guitar and piano, and am fond of good music, literature and films.
Other skills and competences	I enjoy trekking and the contact to nature.
