

CV

Daniel Gerbery is sociologist and researcher at Institute for Family and Labour Research in Bratislava. Main focus of his research is family policy, poverty and social exclusion, with emphasis on child poverty, poverty of lone parent families, and intergenerational transmission of poverty. He also works in the field of evaluation of anti-poverty policies, over the past five years he participated in several evaluation surveys. For example, he was principal researcher in projects "*Living conditions of social assistance recipients in Slovakia*", "*Conditions and Factors of Intergenerational Transmission of Poverty*", "*Poverty and Social Exclusion in Slovakia: analysis of theoretical and empirical approaches*" that was carried out at IFLR. In 2006 he participated in preparing UNDP Report "*Report on the Living Conditions of Roma in Slovakia*", which was published by UNDP Regional Bureau for Europe and Commonwealth of Independent States. In 2006 and 2007 he was lecturer in the OECD course "Applied Economic Policy Course, Segment on Social and Labour Market Policies" in Vienna.
